

## Product data sheet

### WeWash Care i-DOS Washing Machine (03/2025)

Brand	BOSCH	
Type	Washing machine with integrated detergent tank	
Model ID	WGG244AWW	
Approval type	WNM65G	
Product certification	VDE	
Manufactured in	Germany	
Approved for commercial use	Directive 2006/42/EC of the European Parliament and of the Council of 17 May 2006 (Machinery Directive)	
Nominal capacity	9 kg Cotton laundry	
Energy consumption – Values determined according to IEC60456: 2010	<p>The actual energy consumption depends on the way the washing machine is used. The actual values may deviate from those indicated due to variables including: water pressure, hardness and inlet temperature, ambient temperature, type, amount and soiling of water, detergent used, fluctuations in power supply and selected additional functions.</p> <p><b>WeWash recommendation to the user:</b></p> <ul style="list-style-type: none"> <li>– Easy Care, 40°C, 0.80 kWh</li> </ul> <p>Besides:</p> <ul style="list-style-type: none"> <li>– Quick Wash / Mixed Load, 40°C, 0.64 kWh</li> <li>– Cotton, 40°C, 0.65 kWh</li> <li>– Cotton, 60°C, 1.10 kWh</li> </ul>	
Power consumption when not booked	0.00 W (disconnected by WeWash Box)	
Water consumption – Values determined according to IEC60456: 2010	<p>The actual energy consumption depends on the way the washing machine is used. Actual values may deviate from those indicated due to variables including: water pressure, hardness and inlet temperature, ambient temperature, type, amount and soiling of water, detergent used, fluctuations in power supply and selected additional functions.</p> <p><b>WeWash recommendation to the user:</b></p> <ul style="list-style-type: none"> <li>– Easy Care, 40°C, 61 l (Duration: 49 minutes)</li> </ul> <p>Besides:</p> <ul style="list-style-type: none"> <li>– Quick Wash / Mixed Load, 40°C, 44 l (Duration: 47 minutes)</li> <li>– Cotton, 40°C, 82 l</li> <li>– Cotton, 60°C, 82 l</li> </ul>	
Emissions	Airborne acoustic noise: Washing 50 dB (A), spinning 71 dB (A)	Thermal emission: ~0,15kW heat emission during usage, depending on program and laundry
Dimensions	Length = 636 mm, Width = 598 mm, Height = 848 mm	
Weight	75.7 kg	
Connections	Mains water: ¾" with a sealing, Aquastop Waste water: 24-40 mm Mains voltage: 220-240 V, 50 Hz Connected load: 2,300 W, Fuse: 16 A	
Height drainage pipe	Max. difference in height between washing machine and drain: 100 cm
